

# STORES-TO-SHORES DOWNTOWN REVITALIZATION PROJECT

## Celebrating Our Past - Building Our Future

As the Hall Street "Stores-to-Shores" project nears completion, it is a great opportunity to re-cap this major infrastructure renewal and downtown/waterfront beautification project.

<b>1874 m</b> Sidewalks 	<b>13,014 m<sup>2</sup></b> Asphalt (pavement) 	<b>1874 m</b> Curb & Gutter 	<b>70 m<sup>2</sup></b> Crushed Brick Path 	<b>401 m<sup>2</sup></b> Concrete Pavers 	<b>36</b> Curb Let Downs 
<b>522 m</b> Water Main 	<b>257 m</b> Sanitary Main 	<b>812 m</b> Storm Main 	<b>2</b> Hydrodynamic Separators 	<b>915 m</b> Fibre Capacity 	<b>1</b> Downtown Plaza 
<b>700 m<sup>2</sup></b> Grass Seed & Sod 	<b>51</b> Trees 	<b>3987</b> Shrubs & Perennials 	<b>28</b> Street Lights 	<b>1 flight</b> Waterfront Steps 	<b>2 flights</b> Social Steps

## Hall Street Funding Sources

\*These are ongoing funds that are specifically for infrastructure renewal.

The City would like to thank the public, local businesses and our contractors for your patience during this important project.

The Hall Street project addressed two important community goals: 1) renewing end of life or inadequate infrastructure, and; 2) creating an important link between Nelson's two most important amenities, the downtown and waterfront.

When asphalt (pavement) reaches the end of its life, it's very important that the underground infrastructure is assessed as well. In this case, the ongoing flooding at the intersection of Hall and Front streets made it critical that the underground utilities be addressed. Government grants, coupled with the City building up adequate reserves, allowed this project to be completed with no impact on taxation or utility rates. It is important to note that 80% of the work completed was infrastructure renewal work and with grants, the City was also able to beautify the Hall Street corridor.
